Online Library

As part of Hello Health's host of training and support material, practices also have access to valuable step-by-step articles regarding the Hello Health platform.

The self-service Online Library allows practices and staff to access exclusive content, educational material and how-to articles, all available 24/7.

This knowledge database offers Hello Health users a deeper dive into the platform, allowing staff to do more with the EHR and Practice Management solutions.

It also provides:

- Insight into hidden features and sections
- Training material for new staff
- Quick access to knowledge database
- Super user experience

The online library is exclusive to Hello Health users and to access please go to the following link:

knowledge.hellohealth.com/knowledge

If you are a current Hello Health user and cannot access the Online Library, please contact the Support Team by emailing support@hellohealth.com.
